### TECHNICAL SKILLS AND ABILITIES

### SELECTED WORK EXPERIENCE

**BELLTAG** SAN FRANCISCO, CA 2011  
*Contract Designer and Client-Side Developer* – BellTag is a tech startup working to create a social reminders platform based around mobile phones. While working with them I designed their iOS app (which will be the basis for their Android app) as well as the initial product website to be used when the app goes live on the iPhone App Store.

**ANCILE SOLUTIONS** BALTIMORE, MD 2010–2011  
*Contract Production Designer* – Ancile is a SAP software partner specializing in business management and elearning solutions. While under contract for them I was tasked with creating a great variety of graphics including internal and external presentation and promotion pieces.

**COMPETITIVE COMPUTING** BURLINGTON, VT 2010  
*Contract Client-Side Developer* – C2 contracted me to fill in for their full-time client-side developer while he was on vacation. The project was to finish writing the CSS and XHTML for the new Keurig Coffee website. On his return I continued to assist him in preparation for the web site's launch.

**ROOPESH PAREKH** LONDON, UK 2006–2008  
*Freelance Web and Print Designer* – Roopesh Parekh is a movie and theatre producer. I've worked with him to create posters and websites for two of his short films, both internationally distributed, as well as promotional material for a play he produced at the Edinburgh Fringe Festival.

**TAG NEW MEDIA** BURLINGTON, VT 2005–2007  
*Contract Web Designer, Developer and Flash Designer and Programmer* – At TNM I worked as a web designer on projects ranging in size from small local clients to large multinational corporations. My duties included conceptualization, designing websites and their components as well as front-end development and Flash development.

**DOUG STEWART DESIGN** NORTH AMERICA 2004–NOW  
*Contract Web Consultant, Designer and Developer* – My freelance web contracting business where I work with clients and studios on a variety of projects, mostly web but some print design as well. The work includes solo clients and studio teams.

### INDUSTRY SKILLS

- Browser Debugging
- Experience With International Projects
- Future Standards Familiarity
- Interface Design
- Page Layout
- Print Design
- Progressive Enhancement
- Semantic Markup
- Standards Compliance
- Typography

THERE'S MORE! →

## EDUCATION

### **LONDON COLLEGE OF COMMUNICATION**

2007–2008

University of the Arts, London — London, UK  
Bachelor's Degree (Hons) in Digital Media Production

### **CAMBERWELL COLLEGE OF ART & DESIGN**

2004–2006

University of the Arts, London — London, UK  
Foundation Degree in Design Practice

### **STAFFORD TECHNICAL CENTER RUTLAND, VT**

2002–2004

Digital Arts Certificate, level 1 and 2

## BONUS

It should also be noted that I have on numerous occasions returned to the Stafford Technical Center Digital Arts class where I've given talks, taught lessons and otherwise been a mentor to the students currently enrolled in the course. I feel it is one of the most rewarding things I do and is my small way of giving back to the design community.
